BENSON

WOOD PRODUCTS INC

CUSTOM MOULDINGS - ARCHITECTURAL MILLWORK - CNC ROUTING

301 PROGRESS DRIVE COTTAGE GROVE, WI.

WWW.BENSONWOODPRODUCTS.COM

Benson Wood Products, Inc. is a manufacturer of architectural millwork based in Cottage Grove, Wisconsin.

We produce custom mouldings for many different commercial and residential applications.

Our products include:

- Casing
- Baseboard
- Crown moulding
- Chair rail
- Paneling and Panel moulds
- Flooring
- Stair rails and other stair components
- Miscellaneous/specialty mouldings

A specialty of Benson Wood Products is profile matching. We can match virtually any moulding profile in existence through the use of our CAD/CAM profile template matching system. All of our tooling is produced in house enabling us to offer a quick turn around with custom matched profiles and also giving us better quality control ability with our finished products.

We offer our mouldings in virtually any domestic or exotic wood specie. Examples include hard maple, cherry, poplar, red and white oak, mahogany, and pine.

Due to the custom nature of our business, this catalog is not a complete library of our profiles, new patterns are added constantly.

We also offer CNC routing services, which enable us to produce radiused and other specialty mouldings and component parts to complement our standard line of mouldings.

Please contact our offices for a quotation on your moulding/millwork needs.

Further information about our facility and capabilities is available online at www.bensonwoodproducts.com.

PHONE (608) 839-8921 FAX (608) 839-1862

Specifications

ILLUSTRATIONS—Full scale, additional sizes may be available

LENGTHS – Supplied in random lengths of three to sixteen feet, unless specified otherwise

WOOD – All wood is kiln dried. For paint grade, poplar is generally used but other woods may be used. The presence of natural characteristics (defects) in wood is determined by the grading rules for the species selected.

SURFACE FINISH – Mouldings and millwork are supplied with a high quality machine finish and normally require no further treatment before finishing. A light sanding may be required in certain applications.

SAMPLES – We stock small samples in many patterns that may be supplied for your review- -limited quantities, mixed species.

PRICES – Because of the custom nature of our business, it is not possible to provide a price list. A quotation will be provided upon request.

ORDERING – Indicate pattern number, provide drawing or sample of pattern desired, wood species, lineal footage, and piece take off if possible.

Terms and Conditions

Unless prior written terms have been established, our terms are payment upon completion. We may ask for a down payment on some orders (50% is standard).

Because of the custom nature of our products, there are no returns, exchanges or refunds.

Tax is charged on all products unless a tax certificate is on file at Benson Wood Products at the time of sale.

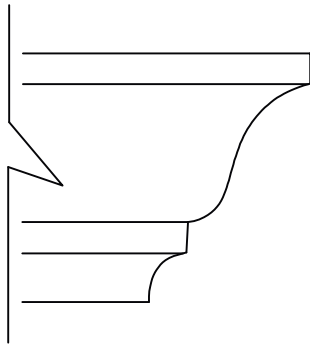

Wood is a natural product- - Benson Wood Products is not responsible for the natural variation in the color and grain of the wood as per National Hardwood Lumber Association grading standards.

If a third party is used to transport materials, the goods in transit are at the risk of the purchaser and any claims must be made with the carrier.

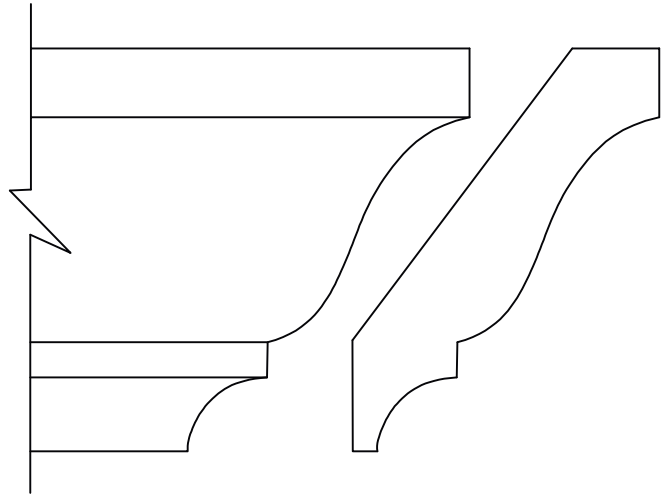

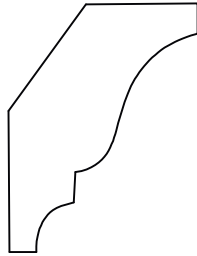

Benson Wood Products reserves the right to over ship and bill by 10% on each item.

Specified lengths will be provided according to availability.
